Rank:	0|i000hj:				
Sprint:	OP Sprint 1 - Place an order				
Preconditions:	The UI documentation available: http://docs.opencart.com/en-gb/store-front/				
Steps to reproduce:	Review the requirements. http://docs.opencart.com/en-gb/store-front/ Expected results: All fields are clearly and completely described: type of field, type of data, length All buttons are clearly and completely described: type of buttons, functionality How to access every page is clearly and completely described: buttons, links, multiple ways Actual results: The documentation does not include these details				
Severity:	Major				

1. The type of fields and the type of data are not specified in the documentation

Fields: Qty, First Name, Last Name, E-mail, Company, Address 1, Address 2, City, Post Code, Country, Region/State, Password, Shipping Method, Payment Method

2. The documentation does not specify the functionality of the buttons

Buttons: Add to cart, Refresh, Delete Product, Checkout

3. The way to access the pages is not fully described

Pages: Shopping Cart and Checkout

4. Not all fields are described: drop-down lists, check-box, radio buttons

Drop-down:

- Country
- Region / State
- Shipping Method
- Payment Method

Check-box:

- I wish to subscribe to the Your Store newsletter.
- I have read and agree to the **Privacy Policy**

Radio button:

- Register Account
- Guest Checkout

[OP-106] [Data] For "Guest checkout" option in the checkout form, the "Continue" button does not save the account when all fields are completed Created: 05/Mar/23 Updated: 31/Mar/23
